MODEL CE300 SCRAP CHOPPER

A Tough Light Duty Scrap Chopper

The Model CE300 scrap chopper is an economical “housekeeping” unit perfect for facilities with lower volumes of scrap materials.

This unit is ideal for plastic and steel banding, and other lightweight scrap materials. The Model CE300 is designed to fit on several Sweed stands that can accommodate a variety of scrap collection containers. **Custom stands and additional safety upgrades are also available.**

Material Reference

The recommended model of scrap chopper is determined by scrap size, scrap volume, and requested custom features. The following are materials commonly processed through the Model CE300. Please consult a Sweed representative to determine the appropriate scrap chopper for your application.
